

**AERODUSTER**  **Moisture Free Precision Cleaner**

A high pressure, ultra pure, moisture-free gas for removing microscopic dirt, dust, iron oxide deposits, lint and paper from electronic parts and equipment.

- Non flammable
- High pressure & Moisture free
- Leaves no residue

For use on: thermostats, computer keyboards, camera lenses, scientific equipment, data disk cartridges and drives, instruments, electro-mechanical device, film, tape and heads, timing devices, computer circuit boards & printers, miniature assemblies and compact discs

Computer Equipment

Thermostats

Camera Lens

□ 10 oz. Aerosol Can, (Box of 24)

**ELECTRICAL SPECIALTY**

**ELECTRONICOAT** **Clear Spray-On Rubber Coating**

A clear elastomeric coating for use in the electrical and electronic industries. It forms an impervious coating on all electrical contacts, circuit boards, electrical panels to protect against rust and corrosion.

- High dielectric, 4mil coating provides 300 volt dielectric
- Waterproof, flexible and permanent
- Works even when totally submerged in water
- Dries to a clear transparent coating

For use on: electrical connections, phone and cable circuits, electrical systems, motor connections, circuit boards, outdoor light, security systems, electrical panels and general waterproofing

□ 16 oz. Aerosol Can, (Box of 24)

**ELECTRACOAT** **Red Insulating Varnish**

An excellent protective coating for electrical equipment including motor end windings, commutator ends, field coils, armatures, switchboard parts, bus bars, and other exposed metal parts.

- Effective as a finish coat
- Protects electrical equipment against moisture and corrosion
- Helps resist current leakage to insure optimal efficiency
- Helps prevent short circuiting and flash-off
- Dielectric Strength
  - Dry 1800 volts/mil.
  - Wet 1400 volts/mil.

□ 16 oz. Aerosol Can, (Box of 24)

**PROTECTO SHIELD** **Invisible Foaming Skin Protector**

Forms an invisible protectant film on hands, arms, legs, and other exposed skin areas. Shields skin against damage caused by harsh chemicals, paints & dyes, resins, epoxies, fiberglass fibres, ink and other forms of dirt & grime.

- Allows skin to flex and breathe and helps reduce under-glove perspiration
- Protects against reactions from latex sensitivity
- Contains Lanolin and Aloe Vera to help keep hands moist
- Allows touch and feeling sensitivity not obtainable with gloves
- Dries fast and Hypo-Alergenic
- Protects up to 4 hours

□ 14 oz. Aerosol Can, (Box of 24)

□ 72 Pre-Moistened Wipes (case of 6 tubs)

**V WIPES - HAND TOWEL** **Industrial Citrus Wipes**

Designed for use in industrial and manufacturing settings, each towel is premoistened with a powerful cleaning formula capable of cleaning hard-working hands, as well as non-porous surfaces. Each towel is made from an abrasive, yet nonscratching fabric that helps lift away heavy deposits of grime and dirt off hands and surfaces. They also leave behind a fresh citrus scent and are enhanced with natural oils and emollients making them safe for hands and skin.

Use them on various surfaces including:

- Kitchen countertops • Refrigerators • Telephones • Toilets • Stove tops • Trash cans • Tables and desks • Tubs and showers • Glazed tile • Machinery and tools • Handles

Effective against:

- Tar • Paint • Grease • Lubricant • Wax • Adhesives • Ink

Benefits:

- Non-toxic when compared with other paint and graffiti removers
- Environmentally safe and biodegradable formula
- Abrasive yet non-scratching fabric aids in cleaning
- Towels stay moist for greater usage and longer shelf life

**PUMP IT UP**

**Industrial Hand Cleaners**

- #1 for Power, Speed and Performance!
- Pumped up base for the toughest cleaning jobs.
- Offers great cleaning performance while being very easy on the hands and a pleasure to use.
- Does not contain harsh solvents.
- Hand pump included
- Rinses Quickly and completely with no greasy residue
- Contains Aloe Vera, lanolin and Pump It Up's exclusive skin conditioning system.
- Perfect for everyday light to heavy duty cleaning jobs
- Offer a very appealing scent that does not linger.

□ Orange 3.5 L Jug

□ 455 mL Squeeze Bottle

□ Orange w/pumice 3.5 L Jug

□ 455 mL Squeeze Bottle

□ Solvent Free Plastic Scrubbers 3.5 L Jug

□ 455 mL Squeeze Bottle

□ Lime w/pumice 3.5 L Jug

□ 455 mL Squeeze Bottle

□ Cherry (fine pumice) 3.5 L Jug

□ 455 mL Squeeze Bottle

**TRI-SIDED POST FOR BRADLEY WASH FOUNTAINS**

**JUG PUMP DISPENSER**

**WIRE CAGE MOUNT**

**BRODI**

**ELECTRICAL SOLUTIONS**

**5 IN 1** **CFIA APPROVED**  
**Demoisurant, Penetrant, Lubricant, Rust Inhibitor & Protectant**

An all purpose, non-flammable, non-conductive mechanical & electrical spray. Displaces moisture in wet electrical systems. Penetrates through rust and corrosion to loosen frozen nuts and bolts. Leaves treated surfaces protected with a residual anti-corrosive film.

- Eliminates MOISTURE –the cause of equipment failure saving production downtime & costs
- Non flammable & non chlorinated
- Provides long lasting lubrication reducing friction and will not become dry or brittle
- Safe on plastic, rubber & paint
- Protects without attracting dust
- Meets Military Spec.C-23411
- For use on: motors, frozen nuts & bolts, hinges, screws, clamps, linkages, fasteners, moulds, threaded parts, tools, engine parts, bearings, gears, relays, starters and generators
- Demoisurizes and creates a waterproof film to inhibit corrosion and electrical discharge.
- Protect parts against atmospheric and chemical corrosion by creating a non-drying film
- 38,000 volt dielectric strength allows it to be sprayed on live equipment

- 15 oz. Aerosol Can (Box of 24)
- 12 oz. Aerosol Can, (Box of 24)
- 1 Gallon Can, (Box of 4)
- 4 Gallon Pail
- 44 Gallon Drum

**DEMO**

**1** Water  
Mechanics Light  
Mechanics light is submerged in water

**2** Displaces moisture! • Protects against shock!  
• Never Dries!  
5 in 1 is sprayed into socket to displace MOISTURE

**3** Live Mechanics Light

**APPLICATIONS**

Airport Edge Lights

Helipad Lights

Airport Runway Lights

Demoisurizes Electrical Panels, Switches & Sensors

Protects & Demoisurizes Outdoor Electrical Equipment

**BANWET** **CFIA APPROVED**  
**Demoisurant Protectant**

Demoisurizes and creates a waterproof film that dries out electrical equipment, inhibits corrosion and prevents electrical discharge. Protects and creates a non-drying film that seals parts against atmospheric and mild chemical corrosion.

- Restores electric current to water damaged equipment
- Residual anti-corrosive coating
- Will not harden, evaporate or become brittle
- Protects electrical equipment against humidity
- Non-flammable spray
- Meets Mil Specs. C-23411 & C-161730 Grade#3
- For use on: electrical equipment, tools, engine parts, motors, bearings, gears, relays, starters and generators
- 38,000 volt Dielectric Strength
- Penetrates through water

- 15 oz. Aerosol Can, (Box of 24)
- 6 Gallon Pail

**BROPULL**

**Wire Pulling Lube**

A safe application for ease in pulling plastic, rubber & synthetic covered wire through plastic, aluminum and steel conduit

- Extension hose allows for deeper lubrication into the conduit, providing more surface coverage of pipe, resulting in easier wire pulling job
- No mess and cleaner compared to hand application using gels
- Protects conduit against internal corrosion
- Contains no ingredients that might harm wire or conduit
- Thick foam lubricant surrounds wire completely
- Won't run out of conduit ends

- 14 oz. Aerosol Can, (Box of 24)

CONTACT CLEANERS AND DEGREASERS

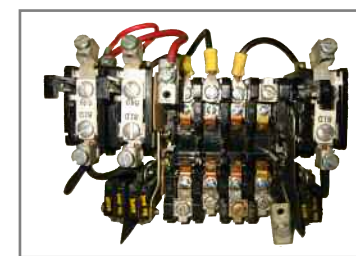

**PROBE** **CFIA APPROVED**  
**Non-Flammable Contact Cleaner**

A high purity, high dielectric, rapidly evaporating, non-flammable aerosol spray contact and circuit board cleaner. Specially formulated for removing oil, grease, condensation, dust, and other particulate matter from sensitive electronic parts.

- 12,000 volt Dielectric Strength
- Non-flammable
- Can be sprayed on live equipment
- Safe on most plastics such as: Nylon, Derlin, Rigid Polyvinyl Chloride, Teflon, epoxy, polypropylene, Mylar, Kynar, and other select Plastics (if problem arises with compatability with any plastic use Brodi's TRILIKE Contact Cleaner & Degeraser)
- Do Not Use on: Acrylic, Polystyrene, Lexan, ABS Plastics, Neoprene, Butyl, and Buna N
- High purity, non-toxic, no fumes
- Meets Mil Spec C-81302b
- For use on: electronic circuit boards, terminals, relays, switches, contacts, circuit breakers, tuners, control panels, motors and other electronic equipment

- 16 oz. Aerosol Can, (Box of 24)

**PROBE II** **CFIA APPROVED**  
**Fast Drying Contact Cleaner**

A high purity solvent that removes light oils, grease, dirt, flux, fingerprints and other contaminants from electrical & electronic equipment.

- 38,000 volt dielectric strength
- Safe for use on most plastics (if problem arises with compatability with any plastic use Brodi's TRILIKE Contact Cleaner & Degeraser)
- Flammable solvent requires material to be used on equipment that does not have an electrical current flowing (For use on equipment with electrical current flowing use Brodi's PROBE contact cleaner)
- Increases performance, prolongs equipment life and prevents electrical failures
- Dries quickly & residue free.
- For use on: relays, switches, terminals, circuit boards & breakers, PC boards, tuners, Rheostats, Potentiometers, contacts, motors and control panels

- 11 oz. Aerosol Can, (Box of 24)

**SAF-SOLV** **CFIA APPROVED**  
**Electrical & Mechanical Solvent Degreaser**

A residue free, super fast drying, high power spray with powerful flushing action that dissolves grease, dirt & grime on electrical equipment even while in operation.

- 40,000 volt Dielectric strength
- Non conductive & Non flammable
- Safe for cleaning energized electrical equipment

- 18 oz. Aerosol Can, (Box of 24)
- 1 Gallon Can, (Box of 4)
- 4 Gallon Pail
- 44 Gallon Drum

- Fast drying & residue free
- For use on: motors, windings, bearings, relays, generators, starters, assemblies of electrical equipment, gas, water and electric meters, printing equipment, engine parts, gears, mixers, diesel engines, marine equipment, aircraft parts, HVAC equipment, refrigeration & industrial equipment and production machinery

**TRILIKE** **CFIA APPROVED**  
**Plastic Safe Contact Cleaner & Degreaser**

A residue free, fast drying, high power spray that dissolves grease, light oils and rinses away other contaminants while not affecting most plastics on electrical & electronic equipment.

- Safe for use on most plastics
- Flammable solvent requires material to be used on equipment that does not have an electrical current flowing (For use on equipment with electrical current flowing use Brodi's PROBE contact cleaner)
- Increases performance, prolongs equipment life and prevents electrical failures
- Dries quickly & residue free.
- For use on: relays, switches, terminals, circuit boards & breakers, PC boards, tuners, Rheostats, Potentiometers, contacts, motors and control panels

- 15 oz. Aerosol Can, (Box of 24)

**NATURAL 100%** **CFIA APPROVED**  
**Citrus Solvent Degreaser**

A safe, pure concentrated natural citrus solvent for degreasing and cleaning electrical equipment.

- 27,000 volt Dielectric Strength
- Removes a& dissolves grease, grime, asphalt,oil & tar without harsh toxic fumes
- Heavy flushing action instantly begins working to penetrate, loosen and lift soils away
- Parts can be left to air-dry with negligible residue, or can be rinsed clean with water
- Contains pure natural citrus terpene oil
- Pleasant citrus scent allows for safe and easy use
- Biodegradable and Non-Chlorinated
- For use on: electrical equipment, motors , removing tar from leaking electrical ballasts, decal removal on electrical equipment, generators, windings, bearings, and relays

- 16 oz. Can, (Box of 24)

- 1 Gallon Can, (Box of 4)
- 6 Gallon Pail
- 44 Gallon Drum

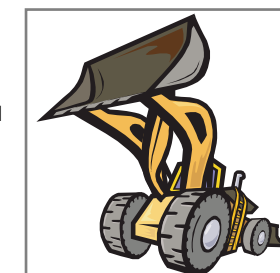

**NATURAL LITE** **CFIA APPROVED**  
**Fast Acting Solvent Degreaser**

A heavy duty, fast acting, flush action aerosol that quickly cuts through and removes tough grease, oil, tar, asphalt, adhesives and mastic, wax, ink and fresh paint from electrical equipment.

- Parts washer in a can
- 33,000 volt Dielectric Strength
- Provides high solvency and a powerful spray that blasts away grime and then dries fast & residue free
- Fortified with Citrus Terpene to enhance cleaning and reduce solvent odour
- Will not harm most painted surfaces
- Fresh citrus scent & non-chlorinated
- For use on: electrical equipment, motors , removing tar from leaking electrical ballasts, decal removal on electrical equipment, generators, windings, bearings, and relays

- 15 oz. Can, (Box of 24)

**BROSOLV X NATURAL**  
**Electrical Equipment Degreaser**

A versatile citrus based safety solvent with a low rate of evaporation to clean electrical motors and equipment

- Can be used as a spray or dip method
- Excellent for use on large electrical equipment
- Low odour, pleasant citrus fragrance
- Low evaporation rate allows for product to be left longer for greater degreasing effectiveness
- For use on: motors, windings, bearings, relays, generators, starters, assemblies of electrical & industrial equipment, engine parts, gears, mixers, diesel engines, marine equipment,

- 500ml bottle with sprayer

- 4.4 gal pail
- 46 gal drum
